	SIP meeting of 29 June 2022: <ul style="list-style-type: none"> - Adoption of the minutes - Discussion on the SIP report to the Governing Board
	IHI News <i>Presented by the Executive Director</i>
15:30 – 16:45	ITEM 1 – Collecting ideas
	Feedback following the ideas collected & first lessons learned <i>Presented by IHI Office</i>
	Template for the SIP outcomes on ideas: <ul style="list-style-type: none"> • Updates <i>by the IHI Office</i> • Open discussion
	Preliminary discussion on ideas collected

APPROVED

	Summary of SIP opinions <i>by the SIP Chairperson</i>
16:45 – 17:15	Break
17:15 – 18:45	ITEM 2 – Preparing IHI Calls 3 and 4, based on early draft ideas / topic texts <i>30 minutes each</i>
	Overall presentation of the early draft ideas / topic texts <i>by the IHI topic leader</i> Overall SIP outcomes <i>reported by the SIP Panellist(s)</i> Open discussion Summary of SIP opinions <i>by the SIP Chairperson</i>
	Clinical studies (one stage idea/topic): <i>“Inclusive clinical research through increased recruitment and retention of diverse study populations”</i>
	Digital interventions (two-stage idea/topic): <i>“Patient-centric blood sample collection to enable decentralised clinical trials and improve access to healthcare”</i>
	Digital interventions (one-stage idea/topic): <i>“Remote intervention technology (RIT) for prevention, monitoring and personalised treatment of mental disorders and their long-term health consequences”</i>
18:45 – 19:30	Break
19:30	Networking Dinner

DAY 2 – Wednesday 14 September 2022

09:00 – 11:00	ITEM 2 – Preparing IHI Calls 3 and 4, based on early draft ideas / topic texts <i>30 minutes each</i>
	Overall presentation of the early draft ideas / topic texts <i>by the IHI topic leader</i> Overall SIP outcomes <i>reported by the SIP Panellist(s)</i> Open discussion Summary of SIP opinions <i>by the SIP Chairperson</i>
	HERA – Preparedness – Infectious diseases (two-stage idea/topic): <i>“Accelerator for the discovery and early development of long acting injectables [monoclonal antibodies and small therapeutic molecules] against Infectious Diseases with AMR and/or pandemic potential”</i>
	Biomarkers – personalised medicine (one-stage idea/topic): <i>“Screening platform and biomarkers for prediction and prevention of diseases of unmet public health need”</i>
	Biomarkers – personalised medicine (one-stage idea/topic): <i>“Clinical validation of biomarkers for disease state, progression, and treatment response”</i>
	Biomarkers – personalised medicine (one-stage idea/topic): <i>“Patient input and patient generated evidence to improve patient outcomes, support decision making, and accelerate innovation”</i>
11:00– 11:30	Break
11:30 – 12:30	ITEM 2– Preparing IHI Calls 3 and 4, based on early draft ideas / topic texts <i>30 minutes each</i>
	Overall presentation of the early draft ideas / topic texts <i>by the IHI topic leader</i> Overall SIP outcomes <i>reported by the SIP Panellist(s)</i> Open discussion Summary of SIP opinions <i>by the SIP Chairperson</i>
	Biomarkers – personalised medicine (one-stage idea/topic): <i>“Improve quality of medical interventions for patients and increase associated hospital efficiencies by combining innovative interventional approaches and clinical decision support systems”</i>
	Rare Diseases (one-stage idea/topic): <i>“Strengthening the European ecosystem of technological centres of excellence for Advanced Therapy Medicinal Products (ATMPs) and innovative therapeutic modalities for rare diseases”</i>

12:30 – 13:30	Lunch break
13:30 – 15:00	ITEM 2 – Preparing IHI Calls 3 and 4, based on early draft ideas / topic texts
	<p>Overall presentation of the early draft ideas / topic texts <i>by the IHI topic leader</i></p> <p>Overall SIP outcomes <i>reported by the SIP Panellist(s)</i></p> <p>Open discussion</p> <p>Summary of SIP opinions <i>by the SIP Chairperson</i></p>
	<p>Green (one-stage idea/topic): <i>“Novel manufacturing methods and materials for greener more circular healthcare systems”</i></p>
	<p>3Rs (one-stage idea/topic): <i>“Accelerating the implementation of novel non-animal approaches for the development and testing of health technologies”</i></p>
	<p>3Rs (two-stage idea/topic): <i>“Enhancing the Use of Pigs in Biomedical Research & Development”</i></p>
15:00 – 16:00	Break
16:00 – 17:10	ITEM 3 – Preparing the Scientific Priorities for 2023
	<p>Presentation of draft Scientific Priorities for 2023, taking into consideration ideas of relevance <i>by the IHI Office</i></p>
	Open discussion
	<p>Summary of SIP opinion <i>by the SIP Chairperson</i></p>
17:10 – 17:20	ITEM 4 – Next SIP meetings in 2022 and 2023
	<i>Presented by the IHI Office</i>
17:20 – 17:30	AOB
17:30	End of meeting
